

## DISBARRED LAWYERS MAY BE REINSTATED

### DAVIS, THOMPSON AND HUMPHREYS RECEIVE CLEMENCY

SUPREME COURT ACTS FAVORABLY ON DAVIS' PETITION AND THEN SENDS FOR HUMPHREYS AND THOMPSON.

The Supreme Court this morning granted George A. Davis' petition for immediate readmission to the bar and made him a licensed attorney at law. It also sent for A. S. Humphreys and Frank E. Thompson, with a view, as was immediately understood, of reinstating them as attorneys, and putting an end to all the disbarments growing out of the Sumner case. Davis was reinstated at 10 o'clock, when the court opened, while the other attorneys were sent for at noon.

Davis was given a short lecture before he was made an attorney in good standing again. Chief Justice Frear spoke for the court. He expressed disapproval of the conduct of Davis since his disbarment, intimating that it had been improper. Reference was also made to conversations evidently had with the attorney in chambers, in which it appeared that an appeal had been made for immediate reinstatement on the ground of financial necessity, and the court gave this as one of its reasons for granting his petition for termination of the disbarment sentence. Chief Justice Frear also referred to "assurances" given by Davis, but just what the assurances were did not appear. The order of the court was duly entered, that Davis be admitted to practice as an attorney in good standing, in all the courts of the Territory. Davis' long and remarkable fight in Honolulu and Washington and everywhere else, had at last been crowned with victory.

The readmitted attorney on leaving the court walked over to the Capitol to attend the Fourth of July celebration meeting. He was accompanied by Sam Parker, to whom he vigorously expounded all the way across.

After the adjournment of court both Humphreys and Thompson had an interview with Chief Justice Frear in chambers. The chief justice when seen afterwards stated that there was nothing to be made public about the matter at present. He stated, however, that something might be expected to happen "before long." It is understood that the two attorneys have been given an intimation that the court is disposed to modify the sentence in their cases, and that petitions for reinstatement will be filed, which are likely to be granted as in the Davis case.

**TROUBLE IN POLICE COURT.**  
Officer Avana and Kaonohi Kekipi were before Judge Lindsay this morning on charges of assault and battery on Sam Hokul. It was charged that the defendants had searched Hokul without right on suspicion that he had che-fa tickets in his possession. Deputy Sheriff Chillingworth nolle prossed the case. J. W. Cathcart, who had been the attorney for Hokul and caused the arrest of the officers, is understood to have been quite indignant over the rather peremptory dismissal of the charges.

## TROPICAL DEMOCRATS GOT AN ARCTIC FAREWELL

DELEGATES TO ST. LOUIS CONVENTION DEPARTED YESTERDAY ON THE SIERRA, AMID A COLD, WINTRY, SILENCE THAT WAS FROSTY AND DEATHLIKE—NATURE MAN REFUSED TO CARRY THE BANNER.

There was wild and uproarious excitement at the sailing of the S. S. Sierra yesterday afternoon for San Francisco. Only a deaf man could have heard the excitement however for it was of the deaf mute kind. Col. C. P. Hauke, J. L. Coke and T. B. Lyons the Democratic delegates to the national convention, departed for the Mainland to attend the convention at St. Louis where they go to vote for the nomination of "Little Willie" for president. From the parting reception that was given them, one would have thought they were the delegates from Greenland to the convention. It was about the worst frost that has ever been seen in these parts. There were plenty of "leaders" at the wharf. Space precludes an extended

## SUGAR GOES UP

CABLE REPORTS TODAY SHOW THAT IT IS NOW AT 5.92—W. G. IRWIN ON THE SITUATION.

"The increased price of sugar which is noted today is just what we have been expecting. It was in fact bound to come and the best informed men in the business whom I saw in New York and elsewhere fully expect the rise in price to continue for two or three years."

This important statement was made to the Star today by William G. Irwin who returned on the Ventura from an extended visit to the mainland.

"The cause is not of hard seeking," he continued, "for it is directly traceable to the increased consumption of sugar throughout the whole of Europe. This increase has been particularly marked since the abolition of the bounty systems after the great sugar convention. The price to the consumer has been reduced and poorer people are using sugar. Then the prospective crops are short. The European beet crops are below average and the Cuban output is below normal. The effect of these conditions is of course to increase prices."

Reports from the Mainland this afternoon indicate that sugar has taken another big jump. The Henry Waterhouse Trust Company today received a cablegram from E. Pollitz and Company, the brokers of San Francisco, stating that raw sugar had sold on a basis of 3.39 cents a pound in New York today. On this basis sugar is now quoted at \$79.80, within 20 cents of being \$80. Four cent sugar seems to be within reach.

## VERDICT OF GUILTY

The jury in the case of Representative Kumalae and Enoch Johnson, charged with conspiracy, brought in a verdict of guilty this afternoon. They found the offense conspiracy in the first degree. The jurors were out less than half an hour. They were accused of conspiring to defraud the Territory of \$12.50 in connection with expenditures of House expenses by the Chinese fund committee. A former jury disagreed.

## FOR READMISSION

Attorney Frank E. Thompson this afternoon presented a petition for readmission to practice as an attorney, to the Supreme Court. This is supposed to be a result of his meeting with the Chief Justice this morning and it is said that the court will act in the matter tomorrow morning. A similar action is reported to be likely in Humphreys' case. Thompson's period of suspension from practice was nearly expiring it having been for one year from last August.

H. Hackfeld and Company today received a cablegram from the Pacific Mail S. S. Company, announcing that the departure of the S. S. This change was evidently made necessary by the fact of the vessel having been detained ten days in quarantine at Kobe on account of a case of plague this month. The Korea is expected to arrive here Friday morning from Kookahama on her homeward trip to San Francisco.

## PRESIDENT MAY VISIT ISLANDS

FILIPINO COMMISSIONERS SAY HE TOLD THEM HE EXPECTED TO MAKE TRIP TO THE ARCHIPELAGO—DEFINITE DATE FOR JOURNEY NOT STATED—WILL PROBABLY VISIT HONOLULU ALSO.

NEW YORK, June 12. —A special to the Sun from Washington says: According to members of the Filipino Commission, now being entertained in Washington, President Roosevelt is contemplating a trip to the Philippine Islands. The Filipinos say they learned this from the President when they were his guests at the White House luncheon on Friday. They assert he told them he expected to visit the islands but did not indicate when he intended to go. The Filipinos, however, got the impression that the time is not a great while off. In fact, many of them believe he intends to go to Manila with Secretary of War Taft next summer. Some others are of the opinion that he may wait until his term as President expires, whether that be next March or in 1909.

## MIKAHALA ARRIVES TODAY.

The steamer Mikahala arrived this morning from her regular run to the sea side of Kauai. She brought 5,600 sacks of sugar and other freight. A number of passengers arrived on her. The bark Edward May has about 10,000 bags of sugar aboard. She is loading for San Francisco. The barkentine Benicia is to sail tomorrow in ballast from Elesele for Port Townsend.

Since their visit to the White House the Filipinos have given much time to discussion of what the President said, and all of them appear delighted over the prospect of having him with them in the archipelago.

## Cuts Hawaii's Vote

(Associated Press Cable to The Star.)

CHICAGO, Ill., June 22.—The Republican National Convention was called to order this morning by Chairman Root. Hon. Joseph Q. Cannon, Speaker of the House of Representatives, was made permanent chairman.

When the report of the Committee on Rules was presented Senator Foraker offered an amendment allowing Hawaii six votes in the convention. Governor Carter of Hawaii spoke in support of the amendment. Representative Bingham of Pennsylvania offered a substitute giving Hawaii two delegates, providing the rights of those already seated in the convention should not be impaired. This was carried by a majority of seven, the delegates from Hawaii not voting.

The platform as adopted by the convention states that protection is the cardinal policy of the Republican party, but advocates reciprocity along such lines as will not injure American products. It declares that capital and labor are entitled to equal rights and favors the maintenance of the gold standard. International arbitration is favored and the platform declares for a continuation of the policy of Chinese exclusion.

The convention elected all the national committeemen as chosen by the various delegations.

All opposition to Senator Fairbanks as the nominee for Vice President has been withdrawn, and it is practically certain now that he will be Roosevelt's running mate.
